

## AUDIO VISUAL RELEASE FORM

In the process of telling the public about MP Ballers, we often use pictures of the youth and/or stories about activities. These are always positive and might include a story about a big accomplishment, great teamwork, or a well-played game. We may also post player bios for each participant on our website, including a team photo.

May we have your permission to include your child in these photos or stories on our website, social media, brochures, and etc.?

*I hereby give my permission for MP Ballers to use photographs and video of my child*
